Hi Matthew,

Enclosed (finally) is a copy of the Meadowlands show we talked about.

The quality is not great, but I think you will enjoy it regardless. This was one of my all-time favorite Bob shows that I was lucky enough to see.

On the last side to fill it out I included some stuff from a Spectrum appearance (this is all I have of that) a few days earlier which I also saw.

One of the highlights of the Philly show is a duet with him and Clydie King on "All In The Game" on which you will hear an early outing of Bob's lead guitar style that we have all come to know and love :-).

Anyway I hope you enjoy it.

Also enclosed is copy of a photo I took of you at Avebury.
